Lumora Cloud - Plans

Lumora Cloud offers three plans: Starter, Business and Enterprise.

The Starter plan costs $12 per user per month and includes 50 GB of storage per workspace.

The Business plan costs $29 per user per month, includes 1 TB of storage, and adds EU data residency and audit logs.

The Enterprise plan is priced per contract and includes unlimited storage, single sign-on, and a dedicated customer success manager.

All plans include a 14-day free trial. No credit card is needed to start a trial.

Lumora Cloud - Support

Starter customers get email support with a first response within 2 business days.

Business customers get email and chat support with a first response within 8 business hours.

Enterprise customers get 24/7 phone support with a 1-hour first response for critical incidents.

Support is available in English, German and Spanish.
